Among the cases reported to the board of health are three from Algiers, opposite New Orleans. These make a total of five cases in Algiers.

In the past week the foci of infection have not been largely increased. Dr. Metz reports that by Tuesday all the houses in the St. Claude district, where the infection was first introduced, will be released from quarantine. The fever was confined to the single square in which it started. The authorities have also been successful in wiping out the foci of infection of Hospital street and of the home for homeless men.

Church services were held yesterday in Ocean Springs for the first time since the sickness there was declared to be yellow fever. There are no cases of the prevailing fever under treatment there, and the people of Ocean Springs now believe that all further danger has passed.

BILLOXI, Miss., Oct. 4.—There were two deaths yesterday, the 16-year-old daughter of Jesse Smith, and the little child of Policeman McKinley. Among 22 new cases here are City Recorder Gleason, City Clerk S. G. Sweatman, Captain Joe Roberts

TRAIN WRECKED IN COLORADO.

Two Killed, Five Seriously Injured and Nine Others Slightly Hurt.

COTOPAXI, Colo., Oct. 4.—The first section of the Denver and Rio Grande narrow-gauge train No. 4 met with an accident just west of here at 5 o'clock Sunday morning. The accident is believed to have been caused by the spreading of the rails. Two passengers were killed. The train was made up of one baggage car, three tourist cars, one coach, three sleepers and a pay car.

One coach, three sleepers and the pay car left the track and rolled over on their sides. The wreck occurred at the end of a trestle, the last car of the train having only passed across the bridge. Had the accident occurred while the train was crossing the trestle the loss of life would undoubtedly have been very great. The following is a list of the dead and injured:

DEAD.

Mrs. McIntyre of Silverton, killed outright.
Fred Feyler of Cincinnati, died on the train going to Salida.

SERIOUSLY INJURED.

Mrs. Robinson of Delta, head injured.
Mrs. Mary Johnson of Telluride, right shoulder injured.
Frank E. Adams of Telluride, cut about the head.

Miss Ada Crompton of Delta, slightly injured on the head.

Mrs. Saunders of Salida, cut on the hip and left shoulder.

SLIGHTLY INJURED.

Miss Laura Gates of Denver, cut on the head.

Mrs. James Kirk of Montrose, slightly bruised.

Mrs. G. N. Compton of Denver, back slightly injured.

J. H. Shay of Telluride, left leg and right shoulder hurt slightly and cut about the head.

Lulu Chase, of Denver bad cut over the right eye.

F. H. Posey of Denver, right arm bruised and head cut.

John Moling of Telluride, slightly hurt.

O. H. Bernadesfen of Telluride, right side of the face scratched.

A number of the more seriously injured were taken to Salida, where they are being cared for.

Those who could continued their journey to Denver. The wrecked train was bringing excursionists to Denver to attend the carnival exercises.

STRYCHNINE IN THE COFFEE.

A Mother Poisons Herself and Six of Her Children.

OMAHA, Oct. 4.—A special to The Bee from Schuyler, Neb., says: During the forenoon Frank Steind came hastily in from Shell Creek precinct, nine miles northwest, to summon a physician to the home of Frank Davis where he said the whole family had been poisoned. Dr. Sixta hastened out and found four of the seven children in the family and the mother dead, a fifth child in a dying condition and a sixth victim sick. Mr. Davis and his oldest son went away early in the morning, leaving before the rest of the family breakfasted. When the meal was prepared all sat down and early in the course of the meal Mrs. Davis made some such remark as: "Eat a good breakfast and we'll all go together."

An older son's mind was affected by the remark to the extent that he did not appease his appetite. A daughter, younger than the son, after drinking about a half cup of coffee, became sick and vomited. The rest of the family continued the morning meal, although the children made very wry faces and said the coffee did not taste good. Strychnine had been put into the coffee, which soon showed its effects when those not prostrated spread the alarm, but not soon enough to avoid the fatal effects noted.

TWO MEN WERE ARRESTED.

Big Reward Offered For the Murderer of the Station Agent at Killbuck.

MILLERSBURG, O., Oct. 4.—A man answering the description of the murderer of Station Agent Penonwood was arrested near Apple Creek. He proved to be an innocent party and was released. Following this came the news from McConnellsville of the arrest of another man, who also answered the description. Sheriff Korn and a man from Killbuck have gone to that place to identify the prisoner if possible, and to bring him back here if he proves to be the party wanted.

The funeral of Penonwood took place yesterday at Killbuck, and was attended by an immense number of people.

It is believed that out of fear of being intercepted by lynchers Sheriff Korn will not notify the people here even if the McConnellsville man should prove to be the murderer. When bloodhounds were used in an attempt to track the tramp, who is believed to have killed Penonwood they started directly toward McConnellsville.

A reward of \$600 has been offered for the man's arrest and conviction. It is divided as follows: Holmes county, \$300; the Cleveland, Akron and Columbus railroad, \$200, and the village of Killbuck, \$100.

Indianapolis Wins the Cup.

INDIANAPOLIS, Oct. 4.—The Indianapolis and Columbus players held a conference last night and decided not to play out the cup series, the Indianapolis men refusing to play any more games except on their own grounds. The players of both teams were anxious to return to their respective homes and the Columbus team agreed to give Indianapolis the cup, the Hoosiers having won three out of the five games played. Each player received about \$75 over expenses in the cup series out of the receipts.

FAMINE IN KLONDIKE

People Will Undoubtedly Suffer Up There This Winter.

MANY GOLDSEEKERS RETURNING.

They Have Given Up All Hope of Reaching the Gold Fields Before Spring. Whisky More Plentiful in Dawson City Than Food—Two Steamers Have Just Returned From Alaskan Ports.

TACOMA, Wash., Oct. 4.—The steamer Northfork, from Alaskan ports, brings the news that the steamer Portland, which sailed for St. Michael's with a Maxim gun on her bows to ward off pirates, is on her way home again without having accomplished the objects of her voyage. She got as far as Dutch harbor only. There a portion of her passengers and freight were disembarked and she is now homeward bound, having neither miners nor nuggets nor company gold aboard her.

The latest news in regard to the steamer Hamilton is to the effect that she can not possibly get beyond Rampart City, but that 20 of her passengers were making the effort to pole up the river to Dawson, with little success.

Thirty-five passengers who have given up all hope of reaching the Klondike this season returned on the Northfork. All reports coming from the mining district confirm the reports of a prospective famine this winter.

WHY THEY SUFFER.

Too Much Whisky Instead of Provision Taken to Dawson City.

SEATTLE, Wash., Oct. 4.—The steamer Farrallan has arrived here from Skagway, Alaska. The Farrallan has on board, 110 returning prospectors, among the number being Louis Long, direct from Dawson City, which place he left Aug. 26, coming out on Dalton trail. He stopped at Juneau:

In an interview Long said: "When I left Dawson the stores had stopped selling supplies, and restaurants had closed because they could get nothing to cook. I believe that provisions will be scarce, although many of the miners are leaving. It was a great mistake in trading companies to bring so much whisky up the river instead of supplies."

Steamer From Copper River.

SEATTLE, Wash., Oct. 4.—The steamer Wolcott arrived last night from Prince William sound, Alaska. The Wolcott had two passengers who report that everything was quiet on the Copper river. Ex-United States Marshal Lewis Williams of Alaska, who was one of the passengers, states that it is utterly impossible for boats to ascend Copper river, owing to rapids and other obstructions.

Drowning on the Skagway Trail.

VANCOUVER, B. O., Oct. 4.—Word has been received that ex-Mayor Fred Cope was drowned in a creek on the Skagway trail while fording it with a horse. He slipped, and was instantly washed away.

Steamer Sails for Skagway.

TACOMA, Wash., Oct. 4.—The steamer Alki sailed yesterday for Skagway with a full cargo of freight and about 50 passengers. The steamer carries a quantity of coal for Seward City.

KLONDIKE IN VIRGINIA.

Discovery of Gold in the Carroll County Mountains.

WELCH, W. Va., Oct. 4.—Last summer O. L. La Rue and N. L. McLeod, both of this place, were spending their vacation traveling in the mountains of Carroll county, Va. While they were riding along on the road they noticed a peculiar piece of stone which attracted their attention, and which they picked up as a souvenir of their trip. Out of mere curiosity they sent the rock to the Virginia state assayer at Richmond to have it analyzed. When the assay was completed it was found to be rich in gold.

Upon hearing this the gentlemen went to Carroll county and discovered a mountain that was rich in the same stone. They secured about 50 pounds of it and leased the richest and most center portion of the territory, which consisted of 750 acres. They sent some of the last rock secured to have it assayed, and the report came that it contained: "Gold, \$17 to the ton; silver, \$3 to the ton, and copper, 4 per cent." This is considered a rich find, and may open up a Klondike in the Virginia mountains. As the place is only 10 miles off the railroad, it will be an easy matter to build a short road to the mines.

Funeral of Mrs. Katharine Hodges.

CHICAGO, Oct. 4.—The funeral of Mrs. Katharine Hodges, the well-known authoress, took place yesterday. The services which were held under the auspices of the Masonic Order of the Eastern Star, were largely attended. Mrs. Hodges, whose death from apoplexy occurred last Thursday, was widely known as an authoress and newspaper worker. She was a member of the Illinois Woman's Press association, president of the Authors' Protective Publishing company, and the author of several books, among which are histories of New York and Colorado, "Fifty Years a Queen," and "Life of Mrs. Henry Ward Beecher."

GUTHRIE, O. T., Oct. 4.—The Chicago, Rock Island and Pacific Railway company has offered a reward of \$500 each for the capture of the five men who held up and robbed its passenger train at Chickasha at noon Friday.

NEAL DOW DEAD.

Champion of the Prohibition For the Prohibition of the Liquor Traffic.

PORTLAND, Me., Oct. 4.—General Neal Dow, who had been at the point of death for several days, died Saturday at 2:30 p. m. He was born in this city March 20, 1804. He became the champion of the project for the prohibition of the liquor traffic in 1837, causing to be passed, while mayor of Portland, the Maine liquor law, prohibiting the sale of intoxicating beverages.

NEAL DOW.

He spent many years in endeavoring by public speeches in the United States and Canada to win the popular sanction for prohibitory legislation. In 1880 he was a candidate for president on the national Prohibition ticket, receiving 10,805 votes. In 1884 he succeeded in having an amendment made in the Maine constitution, which was adopted by popular vote, forever prohibiting the manufacture or sale of intoxicating beverages, and commanding the legislature to enact suitable laws for enforcement of the prohibition.

SUICIDE, ACCIDENT OR MURDER.

A Kentucky Lawyer's Body Taken From the River at St. Louis.

ST. LOUIS, Oct. 4.—Charles E. Wing, an attorney from Greenville, Ky., lies dead on a slab at the morgue. His body was taken from the river at the foot of Haven street, in South St. Louis.

Whether his death was due to accident, suicide or murder has not been established. All that is known of the circumstances surrounding the case is that Wing arrived in St. Louis last Wednesday morning from his home in Greenville, secured and paid for a room at 2015 Ergenia street, where he remained but a few minutes, and was not seen again by his landlady until she was brought to the morgue last night to identify his dead body.

When the body was searched at the morgue the first thing taken from the inside pocket of his coat was a photograph case that contained the picture of a beautiful woman and a piece of paper upon which was written the following lines:

"I love thee and will leave thee never.

Until my soul leaves life forever."

There was no signature to this, nor was anything found on Wing that would afford a clue as to the cause of his death.

TOO MUCH EXCITEMENT.

Three Lives Lost by the Burning of a Dwelling.

EAST LONGMEADOW, Mass., Oct. 4.—Three lives were lost yesterday morning by the burning of a dwelling house in the center of this place. The home of George Brownlee caught fire from a chimney. Mrs. Brownlee, her husband and two sons, Thomas, aged 21, and James, aged 19, escaped in their night robes, but Mrs. Brownlee and her son Thomas were burned in the building, their bodies being buried in the ruins.

Mrs. Brownlee, losing her head, rushed back into the house, thinking her sons had not come out. Thomas rushed after her to save her, and James after Thomas. The mother and elder son were overcome, while James got out, but was burned so severely that he died yesterday afternoon. Mr. Brownlee himself was badly burned on the hands and feet. The bodies of the victims were recovered.

Struck a Gusher.

MARIETTA, O., Oct. 2.—One of the largest oil wells which has been struck recently in the territory surrounding Marietta was drilled in last night on a lot belonging to the United Brethren church at Cairo. The well is 1,500 feet deep and is flowing at the rate of over 300 barrels a day. The well is owned by local oil men. Much excitement prevails among the operators and more wells will be drilled at once.

MEMPHIS, Oct. 4.—The steamer Rowena Lee, bound north from Friar's Point, Miss., struck a snag near Moon's Landing yesterday morning at 9 o'clock and sank in 12 feet of water. The crew and passengers were taken off by the J. N. Harbin. The boat's cargo consisted of 800 bales of cotton, 75 of which floated down the river. It is thought the boat can be raised.

HAMILTON, Ala., Oct. 4.—While returning from a party here late last night six people in a boat were thrown into the Buttahatchie river and four of the occupants drowned. Those drowned were Misses Lizzie Smith, Belle Key, Mary Swearingen and Ella Phillips. Their escorts, Robert and John Wright, brothers, who caused the boat to capsize by rocking it, saved their own lives. Feeling is so bitter against the two men that they have left town.

SPAIN'S ONLY CHANCE

Autonomy Will Never Satisfy the Cubans.

WILLING TO PAY AN INDEMNITY.

Spain Must Evacuate the Island at Once If She Would Profit By the Present Feelings of the Cubans—Interviews With Leading Cubans in This Country on the Present Situation.

NEW YORK, Oct. 4.—The Herald prints a number of interviews with leading Cubans here on the situation in the island. The Cubans all declare that autonomy for the islands is out of the question, but most of them are in favor of paying Spain a reasonable indemnity providing she evacuates the island at once.

T. Estrada Palma, representative of the Cuban provisional government, said: "To the Cuban patriots it makes little difference whether a Liberal or Conservative ministry directs affairs in Spain. A change in government in Spain does not alter the case of the Cubans. They are now more firmly determined than ever to push the fight until the absolute independence of Cuba is acknowledged. I believe the Cubans are willing to pay a reasonable indemnity to Spain provided she withdraw her troops from Cuba before the island is completely ruined."

Enrique J. de Varona said: "I believe autonomy would complicate, rather than solve the Cuban situation. Absolute independence is the aspiration of the immense majority of the Cuban people. Cuba needs a definite political regime. Spanish autonomy would not give it to the island. The only practical solution of the Cuban problem is absolute independence."

Dr. Henry Lincoln de Zayas says: "The Cubans are, and have always been, ready to treat with Spain with a view to a cessation of hostilities, provided the first condition be that Spain shall acknowledge Cuba's independence."

Colonel F. Lopez de Queralta, formerly of the United States army, and a veteran of the ten years' war in Cuba, said: "I would like to see Cuba freed by force of arms. But to avoid further shedding of blood of innocent people, I would, though painfully, sign and give my consent to a compensation to Spain for the sake of getting rid of the Spanish."

E. Trujillo, editor of El Porvenir, said: "Cubans are fighting for absolute independence, and will accept no other solution."

Brigadier Eugenio Sanches Agramonte, surgeon general of the Cuban army, said: "Cubans are firmly determined to fight until absolute independence is accomplished. But a few million more or less, provided the sum is reasonable, will be paid by them to Spain in order to avoid a prolongation of the struggle."

Regarding the plan for the purchase of Cuba from the Spanish government General Emilio Nunez, who for the past 10 days has been in consultation with the junta leaders in New York, said: "I can not see how the plans for the freedom of Cuba on the basis of a guarantee to Spain by the United States of an indemnity of \$200,000,000 in cash can be displeasing to any of the parties, except that the amount is greatly in excess of true values of relics left by Weyler. The United States could afford to back up the proposition, because it would have the revenue of Cuba to guarantee reimbursement and would gain immediate improvements of its trade relations. I believe that, stern as our resolution is never to lay down our arms to Spain, the majority of our people are not so unwise as to imagine it better to fight to the last gasp rather than cease the struggle on terms so favorable as are now possible."

Spain's New Cabinet.

MADRID, Oct. 4.—The crisis is solved. Senor Sagasta has been instructed to form a ministry. Its probable constitution will be: Premier, Senor Sagasta; department of state, Senor Gamazo; finance, Aminos Salvador; colonies, Senor Montero Rios; justice, Senor Maura or Puigcerver; war, General Correa; marine, Admiral Bermejo; interior, Senor Moret.

WATER FAMINE OUT WEST.

There Has Not Been Such a Scarcity of Water for Seventeen Years.

KANSAS CITY, Mo., Oct. 4.—According to specialists to the Times, a water famine is impending in this part of the southwest. In the immediate vicinity of Kansas City there has not been such a scarcity of water for 17 years. All the small streams and many of the ponds in Jackson county are reported to be dry, and the same is true all over this section of the country.

Almost every town in Missouri and Kansas is already feeling the effects of the water famine. Those which are coming out best are the ones which have artesian wells. The suffering among the farmers is greater than in the towns, however. Many farmers have for days been obliged to haul water for miles. Stock as well as people are suffering, and vegetation is drying up. Unless rain comes soon severe results may ensue.

Affairs at Hazleton, Pa.

HAZLETON, Pa., Oct. 4.—It is announced that the battalion of troops still stationed here will be withdrawn early this week. All the militia will then have left. The miners are nearly all at work and affairs have again resumed their normal condition.

SENATOR LINDSAY spoke at Mt. Sterling the other day for the gold-bug ticket, and here's what the Advocate says of his talk:

It was written all over his broad face and echoed in almost every word he uttered, that he felt the falsity of the position he was occupying. It was subject of remark on every side that there was "no life" in the Senator's speech and the very few attempts at applause died almost before they began. It was a noticeable fact, too, that each one of these lame attempts at applause were led and entered into by life-long Republicans, very few others taking the least part in them.

TWENTY per cent. of the school fund will be due about October 15th, but it is said that less than half of the sum will be ready for payment.—Dover Messenger.

Hooray for the Republican State administration and its "reforms." They can't charge their failure to pay the teachers promptly this year to the Democrats. Let them explain where the money is.—Maysville BULLETIN.

Br'er Marsh, according to the Popocratic line of reasoning, there must be a short crop of damascens in Europe. Really, we think the present lack of money in the State Treasury, is the logical result of Democratic moss-back misrule in Kentucky for the past sixty years.—Dover Messenger.

Oh! It is, eh? Now please tell us, Br'er Curran, what "Democratic moss-back misrule for the past sixty years" has to do with the collection of the revenue since the beginning of the present fiscal year, July 1st? The teachers ought to have been paid Saturday out of the revenue turned into the State Treasury this year. The "past sixty years" have nothing to do with the case.

WON'T PUT UP

From Fear Hunter Will Manipulate the Campaign Funds.

FRANKFORT, KY., October 1.—There is no little kicking among State officials and employees of the State departments and penitentiary over the action of the Republican State Campaign Committee, which has sent out circulars assessing all persons holding either State or Federal places for campaign purposes. The assessments in most cases average from 2 to 5 per cent. of the salary for one year. The ostensible purpose of the campaign fund is to aid Bailey, the Republican nominee for Appellate Clerk, but some of those who are refusing to put up are doing so because they think the plan of the Hunter machine is to use the money for Mayor Todd, of Louisville, and also in electing Hunter candidates for the Legislature, in which event Bailey, of course, would get the inky dink.

Chap Excursion via C. and O. Wednesday, October 6th.

On Wednesday, October 6th, the C. and O. will sell round trip excursion tickets, Maysville to Cincinnati, at rate of \$1.25. Tickets good going on trains leaving Maysville at 5:30 a. m., 8:50 a. m. and 4:35 p. m. Good returning on all regular trains, except 2 and 4, up to and including train No. 20, Friday, October 8.

REGISTRATION.

The Law on the Subject Showing Who Are Entitled to Register—Other Information.

The annual registration takes place to-morrow, October 5,—being confined to one day in Maysville. The places of registration will remain open from 6 o'clock in the morning until 9 o'clock at night, giving every one an opportunity to enroll his name.

Every one who desires to vote at the ensuing election or any special election during the next year will have to register on the day named.

The officers appointed for the November election will serve as officers of registration.

The following concerning "who shall register" will be of general interest:

Every native-born male citizen of the United States, who has resided in the State of Kentucky one year, in the county of Mason six months and in the precinct in which he expects to vote sixty days prior to the election may register. He need not live there sixty days, to register, but if, by election day, he will have lived there sixty days, and in the county six months and in the State one year, he may register and vote.

Naturalized citizens of the United States who produce to the officers of registration, if demanded, their naturalization papers, and who have the necessary qualifications as to residence, may register.

Section 1,478 determines the residence of a voter as follows: "That shall be deemed his residence where his habitation is, and to which, when absent, he has the intention of returning."

The place where the family of a married man resides shall generally be considered his residence, unless the family so resides for a temporary purpose. If his family is permanently in one place and he transacts his business in another, the former shall be his residence.

There are special registration days provided for persons who may be sick or "necessarily" absent from the city to-morrow.

THE DROUTH.

It is the Worst in This State in Twenty Years—Great Damage to Crops.

LOUISVILLE, KY., Oct. 2.—The present drouth in Kentucky is the worst in twenty years, and great damage has been done to the crops. So great is the scarcity of water that the Louisville and Nashville officials are uneasy and fear that they will not be able to supply their tanks along the road. The damage done will reach up into the millions. Weather Forecast Official Burke said to-day:

"From the regular crop bulletins, I am positive that the rainfall out in the State for the entire month will be less than one inch, which is an exceedingly low figure."

"In fact, it is one-third of the usual rainfall. The drouth extends throughout the central valley and in all the States south of Kentucky. Tennessee is suffering, as are a great many of the southern States. The forecast is for a continuance of the present conditions."

"This morning I received the rain report for the month from Bardstown. The fall was .58 of an inch. This condition of affairs exists all over the State."

In the extreme western part of the State much damage and suffering have been caused, several towns and counties being threatened with a water famine. Caldwell, Trigg and portions of Christian County have been similarly affected, farmers having been compelled to haul water for their stock for some time past. All the tobacco growing sections have suffered severely from the prolonged dry spell, and in this item alone the loss has amounted to thousands of dollars.

Royal makes the food pure, wholesome and delicious.

DOVER Messenger: "The forty-pound watermelon that took the premium at the Maysville fair last week, was kindly donated to the Messenger by H. C. Curran who had charge of the floral hall exhibit. LEXINGTON Gazette: "Mr. J. Q. A. Hayman has gone on a visit to the paw-paw groves and crystal springs around Aberdeen, Ohio, where he was born and raised, and to which his memory fondly turns, after an absence of more than fifty years. It was here that in his youth his father would send before breakfast every morning by an Irish maid a paw-paw and a gourd of water, instead of a cup of coffee and an orange, which some foolish parents indulged their children with. He will meet but few of his old cotemporaries, but the old spring is there, and the house in which he was born."

For those who stick to white—because they have been, and are always will be right—these: 5c. each, good, every-day hemstitched Handkerchiefs, worth a third more in the usual way; 15c. each, pure linen, hemstitched with neat revering above the hem, hand-embroidered initial; 19c. each, embroidered, scalloped edge, about the usual 25c. grade.

WRAPS.—Not a hap-hazard stock, but picked with care. Constantly enriched by the coming of new things. No danger you'll pay too much for your season's garment, here. We wish to make this the chief place for women to buy—to buy safely. Compare; nothing so useful as comparison. Seeing is the test. Wraps from \$2 to \$25.

THE COLORED BROTHER.

Plain Talk From One of Their Leaders in Kentucky—Refuses to be a Political Serf Longer.

LEXINGTON, KY., October 1.—The Standard, the colored Republican organ in Kentucky, to-night contains an editorial from the pen of R. C. O. Benjamin, the colored man who has been organizing colored clubs in the State, which has exploded like a bombshell in the camp of his white brothers of the Republican party. He says in part:

"The negro is considered a political serf and is expected to swallow all of the slop given him, whether it is palatable or not, but this editor will do no such thing. And that is not all. We propose to let the party know that if the negro interests himself in the ward clubs, works hard in organizing his brothers for a campaign, is prominent in mass meetings and parades, that after the election is over and the nominees of the party are in office he don't propose to be snubbed. We demand a share of the emoluments, and if we are not considered we shall make Rome howl. This thing of well qualified negroes being refused a place on the party ticket or being ignored after the election is over will not be tolerated by the Standard. We shall contend for the full enjoyment of both the civil and political rights of the negro and shall oppose all men, regardless of party fealty, who are antagonistic to that principle."

A VERY SAD DEATH.

Mrs. J. M. C. Ballenger Passed Away Early This Morning After An Illness of Several Days.

Mrs. J. M. C. Ballenger died early this morning at the family residence, No. 14 East Front street, under circumstances unusually sad.

A few weeks ago the oldest daughter of the family, Miss Edith, was taken ill with malarial fever. Some days afterwards the devoted mother was herself stricken down with the same disease while nursing and caring for her daughter.

The daughter has been improving for several days, and yesterday Mrs. Ballenger was also thought to be somewhat better. At 1 o'clock this morning there had been no noticeable change for the worse in her condition, but a few hours afterwards she was found dead in her bed, having been stricken with heart failure in the silent shades of the night, passing peacefully to her final rest.

Mrs. Ballenger was a native of this county, was a daughter of Mr. Joseph Varian and was forty years of age. Her husband survives, and she leaves five children,—four daughters and one son. She was a devoted wife and mother, and enjoyed the love and esteem of all who were fortunate enough to know her.

The funeral arrangements will be announced to-morrow.

THE Enquirer says Captain Val P. Collins returned from Kanawha Saturday, suffering from a badly sprained ankle.

AUGUSTA'S CENTENNIAL.

It Attracted a Crowd Estimated at 15,000.
 Pickpockets Reaped a Big Harvest.

Augusta was full and running over last Saturday.

It was her centennial, and it is estimated 15,000 people gathered to help citizens of the place celebrate the event. The crowd was one of the largest ever assembled in this section of the State.

The city was dressed in gala attire from center to circumference. Not a cottage was left undecorated. Everything was free.

When Governor Bradley and Colonel Smith, of his staff, arrived they were met by Dr. Bradford, of Augusta, representing the committee of business men. Bands of music struck up national airs and a procession of citizens followed the carriages to Dr. Bradford's residence, where the Governor was entertained.

The centennial parade contained a representation of every business and social order in the city. Every kind of amusement under the sun was provided free of charge, from the merry-go-round to open air vaudeville, and never before had the residents such a treat.

At 2 o'clock a brilliant program was rendered at Russell Hall, at which Governor Bradley was orator of the day. The big hall was a mass of people. Judge Doniphan made a short address of welcome. Mrs. Junie Armstrong Bayless, a granddaughter of Phillip Buckner, who founded the city one hundred years before, read an original poem.

A pleasing coincidence was commented upon during the exercises at the hall. Colonel T. F. Marshall, of Augusta, introduced Governor Bradley, who was a page in the Kentucky Senate when Mr. Marshall was a State Senator. The Colonel lived to introduce that page to the audience as Governor of the State.

At night a grand ball was given.

In spite of the efforts of the officers of the law a gang of pickpockets reaped a harvest. Uncle Jimmy Bradford was relieved of \$178, G. D. Kline of \$50, F. P. Peddicord of \$38, Leslie Peddicord of \$217, Fred Kurtz, of Germantown, \$175, George Barkley \$13, George Myers, of near Germantown, \$72, a gentleman from California, Campbell county, \$17, Lotta Smith, the saloon keeper of Augusta, \$105. A man named Broadwell, of Wellsburg, had \$200 stolen on the train. He was bringing it up to Augusta to deposit it. The thief got Smith's money while he was drawing a glass of beer.

A freight train struck the ladies' band wagon during the procession. The occupants saved themselves by jumping. The vehicle was demolished.

Mr. JOHN ZECH attended the Augusta centennial Saturday and while there the gang of pickpockets who were doing the town relieved him of his pocket-book containing a railroad ticket and several old German coins he brought over from Europe several years ago.

THE YEAR'S WHEAT CROP.

Figures Based on Actual Threshing Returns by The Orange Judd Farmer.

CHICAGO, Oct. 4.—The Orange Judd Farmer, in its final estimate of the year's wheat crop, says that figures based on actual threshing returns indicate a total yield of 899,000,000 bushels, of which 373,580,000 bushels is winter and 215,470,000 bushels spring wheat. With the exception of Illinois and Missouri the winter wheat yield represents the full capacity of the soil. The spring wheat yield in Minnesota and the Dakotas has proven a disappointment, the aggregate being only 129,000,000 bushels. The shortage there is in a measure counterbalanced by the good yield in Nebraska, Oregon and Washington.

The report says the corn crop is exceedingly disappointing, at an outside estimate of 1,750,000,000 bushels. The drought of the past two months reduced the average condition from 82.3 a month ago to 78.9 on Oct. 1.

An average oats yield of 28.7 bushels per acre suggests a crop of 814,000,000 bushels, 100,000,000 more than last year.

KANSAS CITY, Mo., Oct. 4.—Two men at the points of revolvers stopped a cable train one mile south of the city, on the Summit street line, on the last run Saturday night, secured what small change the conductor had and escaped. Gripman N. J. Israel did not comply with the order to stop quick enough, and one of the men fired a shot at him. No damage was done, and the conductor submitted to his pockets being searched. There were no passengers on the car. The robbers were young men.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"The tobacco market has taken a position that it is a hard matter to figure out the future results. The stocks are not overly large and with a short crop in the country, and a frost and slight freeze to injure a portion of what was in the fields, has made many of the tobacco men come to the conclusion that nothing now will prevent higher prices. The sales the past week have been larger than the previous week and prices higher, in fact they were the highest of the season, with a very active market for all offered. A large portion of the offerings were taken by speculators. Red tips and low grades continue to be the most in demand.

"The reports from the country are that the frosts have not injured the crop to a great extent. Most of the crop is now in the house and the dry condition, which was caused by the hot weather, will not permit the tobacco to be injured as badly as it would have been in a green state.

"Offerings for the week were 2,287 hhds, with few rejections. We do not expect very large sales until the holders are satisfied in regard to the future. Receipts have fallen off very considerably, owing partly to the dry weather, which prevents handling."

Housekeeping.

If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangement of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman shrinks. She is right. Except in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

TRENTON, Oct. 4.—Captain Hurdman and three lieutenants of the Salvation Army were arrested last night by the police for disorderly conduct in singing and playing musical instruments in the street.

"Absence Makes the Heart Grow Fonder."

The speaking face, looking forth from cardboard, is the wonder of this wonderful age, and every Phyllis has her Leander near her in pictured form at least. It's but a small tribute to love to have the faces of those we love made enduring through absence and death by the photographer's art. This is our mission—to exalt beauty. So writes Hon. D. J. Brewer, Justice U. S. Supreme Court.

Standard of the U. S. Gov't Printing Office, the U. S. Supreme Court, all the State Supreme Courts, and nearly all the School Boards.

Warmly Commended by State Superintendents of Schools, College Presidents, and other Educators almost without number.

THE BEST FOR PRACTICAL USE.

It is easy to find the word wanted. It is easy to ascertain the pronunciation. It is easy to trace the growth of a word. It is easy to learn what a word means.

The *Railroad News & Observer* says: "One individual preference was formerly for another dictionary, but a better acquaintance with the later edition of Webster's International has led us to regard it as the most valuable, and to consider it as the standard as far as any one dictionary should be so accepted."

CHICAGO JUNCTION, O., Oct. 4.—The prairie fire is still raging here. The flames have reached the gardens and village of the Hollander's Celery company and hundreds of men are fighting to keep the flames from entering the village. The wind at present is favorable. Over 3,000 acres of farm land lie in waste. Many families have deserted their homes, leaving crops and stock to perish in the flames. The damage already done amounts to thousands of dollars.
